My passion is designing communicative messages to client audiences in a clear, concise and expressive manner. Whatever your needs are, I will work with you individually to tailor the design specifically for your audience.

My work experience in the New York publishing field and in the Chicago advertising industry has afforded me the opportunity to meet and work with a diverse group of design professionals. The common thread of both experiences was putting forth my best efforts on a daily basis to meet the expectations of a very competitive marketplace. [ABOUT ME >>](#)
